

## Product Advisory

Issue Date: December 6, 2021

### **Change Type:**

Supply chain continuity: Adding Foxconn Bac Giang, Vietnam manufacturing site for Ethernet NIC to maintain supply chain continuity.

### **Parts Affected:**

All Ethernet NIC adapters sourced from contract manufacturer Foxconn Bac Ninh, Vietnam

- BCM9571X
- BCM9572X
- BCM9573X
- BCM9574X
- BCM9575X
- BCM9588X

### **Description and Extent of Change:**

Due to increased demand, Broadcom is adding Foxconn Bac Giang, Vietnam as an additional contract manufacturer site. DCSG is taking this step to ensure supply chain continuity as demand increases. There are no changes in component sourcing. The same component (PCBs, Memory, etc.) vendors used at Foxconn Bac Ninh will be used at Bac Giang.

The CM location is traceable through the board serial number. The letters "FG" at the suffix of the serial number indicate Foxconn Bac Giang, Vietnam manufactured the board. Below is an illustrative example. OEMs may have a different CM site code.

### **Reasons for Change:**

Ensure supply chain continuity

### **Effect of Change on Fit, Form, Function, Quality, or Reliability:**

There is no change to form, fit or function.

No action is required unless customer SKU labeling needs changing to indicate assembly location. Please work with your Broadcom DCSG contacts to update custom labels as needed.

### **Effective Date of Change:**

Broadcom will begin sourcing from Foxconn Bac Giang, Vietnam after January 1, 2022.

---

Please contact your Broadcom field sales engineer or Contact Center for any questions or support requirements. Please return any response as soon as possible, but not to exceed 30 days.
